March 2007

PartsManager Pro™ 4.0 Announced!

You asked for them – and now they're here! The new 4.0 enhancements. The response has been great from those who have installed the update. If you have not already done so, make sure you don't delay in getting 4.0 installed as soon as possible to take advantage of the new features.

Enhancements include:

	Quick Price Search Button		Page Forward Button
	Quick Where-Used Search Button		Page Back Button
	Quick Keyword Search Button		Full Screen/Split Screen Button

Plus, the new Price Escalator lets you mark up or discount all prices in a dataset. Please read your quick reference guide for more detailed information on these enhancements.

The Word on Windows Vista™

We are testing PartsManager Pro with Microsoft's new operating system, Windows Vista. Currently we are reviewing the results of preliminary tests with Windows Vista Business edition.

Snap-on Business Solutions will **not** support Windows Vista Home Basic and Home Premium products.

If you are purchasing new computers that may have Windows Vista preloaded, or if you are planning to upgrade your current operating system to Windows Vista, be aware that Snap-on Business Solutions has not completed the testing of Windows Vista and does not recommend using Windows Vista until testing is complete.

Look for an update on Windows Vista in the next newsletter.

Important Installation Tips

1. You do **not** need to uninstall your prior version of PartsManager Pro to install the new version 4.0 CD.
2. On a network installation, please bring up the application on the server first to update the database correctly.
3. For a terminal services installation, please contact us at 1-877-417-4245, option 2.

For details, please read your installation instructions.

Use the Quick Price Search feature to look up a price quickly. Simply select an OEM, type the part number, and click the Quick Price Search button.

What Our Dealers Are Saying about 4.0

This product works flawlessly with easy and fast searching methods.

- Richie Brown, Staggs Lawnmower Shop, Balch Springs, TX:

Fast model search results. Easy price look-up. Fast and simple install.

- Greg Amy, Beutlers Lawn & Garden, Flint, MI:
