0511AG000	2	ADAPTER	68.52	102.78
<b>Total</b>			<b>75.92</b>	<b>113.88</b>

**Callouts and Instructions:**

- Displays the navigation path or job name.
- Type a VIN or shortcut.
- Open a new job tab.
- Click to search for the VIN you entered.
- Click to access VIN details.
- Click to go to another image in the section.
- Click a navigation bar hyperlink to go to its level of navigation.
- Use these menus to access EPC tools and features or change EPC settings.
- Click to begin a part number or keyword search.
- Return to the home page or go back one screen.
- Enter a complete or partial part number or a keyword to begin a search.
- Add an illustration note.
- Click a part number link to view its part details.
- Use illustration tools to resize the illustration or clear selected callouts.
- Indicates that notes or supersession are available for the part.
- Highlight an illustration callout to display only its part in the part text.
- View the picklist in full screen mode.
- Clear all parts from the picklist.
- Remove the part from the picklist.
- Save the picklist.
- Print the picklist.
- Manually add a part to the picklist.
- Print the illustration.
- Email the illustration.
- Add the part to the picklist.
- Set the level of prices displayed in the picklist.
- Send the picklist to your DMS.
- Minimize the picklist.

**Note:** Button will move to the left edge of the window.

## Main EPC Window

## The Part Details Window

Click a blue part number link from the Main EPC window to open the Part Detail window for that part.

The screenshot shows the 'Part Details' window with the following components and annotations:

- Top Pane:** Displays the part supersession. A table lists part numbers, quantities, and names. The first entry is highlighted in yellow.

Part Number	Qty	Disp	Type	Part Name
20101AG021	01			CROSS MEMBER COMPLETE-FRONT SUSPENSION
- Center Pane:** Displays notes associated with the part. It includes an 'Add Note' button and a list of notes. One note is visible: 'This is an example.' To the right of the notes are icons for 'Add Note', 'Delete the note.', and 'Edit the note.'.
- Bottom Pane:** Displays history and other information for the part. It has a 'Part Information' tab and shows dimensions: Part Height : 1000, Part Length : 3600, Part Weight : 1000, and Part Width : 1000.

Annotations with red arrows point to these features:

- 'The top pane displays the part supersession.'
- 'The center pane displays notes associated with the part.'
- 'Select a tab to display additional information for the selected part.'
- 'Add a note to the part.'
- 'Delete the note.'
- 'Edit the note.'
- 'The lower pane displays history and other information for the part.'
