EPC Quick Start

The main EPC window consists of three primary sections: the Illustration, the Parts List, and the Picklist. Menus and navigation tools provide additional functionality.

Main EPC Window

275-0854-en, Kia QRG v1.2, (Feb 2017)
The Part Details Window

Click a blue part number link from the Main EPC window to open the Part Detail window for that part.

The top pane displays the part supersession, including multi-order (MO) supersession, and alternative-order (AO) supersession.

The center pane displays notes associated with the part.

The lower pane displays history and other information for the part.

Add a note to the part.
Delete the note.
Edit the note.

New! Press the F2 button on your keyboard from the Part Details window to pop open your integration session without losing your place in the EPC.
Redesigned Search Results Window

Repeat a Search with One Click:
Select an previously searched term from the drop-down in the Search box and the EPC will automatically start the search.

Resizable Columns: click and drag column headers to resize them and customize your display.

Resizable Window: Click the right side or the bottom-right corner of the Search Results window and drag it to a new location to resize the window.

Column-specific Clicking:
- Click a Part Number to jump directly to the Part Details for that part.
- Click the Part Name, Description, or Location to see the part in a side-by-side view.

Column-specific Clicking:
- Click the Part Name, Description, or Location to see the part in a side-by-side view.
Right-click any job tab and select **Rename** to enter a memorable name for the job.

Click a toggle button to switch quickly between **List** and **Graphical** views while navigating.
Click the drop down arrow to access a list of previously entered VINs.

Click to search for the VIN you entered.

Click to access VIN details.

Check to turn VIN filtering on or off.

Clear the list of previously entered VINs.

Type one or more characters into the Type to narrow field to reduce the contents of the window.

Clear VIN History

Email VIN information with a single click.
Better Descriptions for Wire Harness Repair Kits

When available, local part descriptions for KMA wire harness repair kits are now more accurate, alleviating confusion caused by missing or incorrect descriptions.
