

Main EPC Window

The main EPC window consists of three primary sections: the Illustration, the Parts List, and the Shopping List. Menus and navigation tools provide additional functionality.
* Some features may vary depending on your market.

Navigation and Search:

- Click to open the Search Results window.
- Click a filter checkbox to remove or reapply filtering.
- Clear selected callouts and show all parts.
- View part usage for selected callouts.
- Add selected parts to the Quicklist.
- Open the ACDelco Catalog.
- Open one of these menus to access EPC tools and features or to change EPC settings.
- Access the EPC Help.

Illustration Section:

- Displays the navigation path or job name.
- Type a VIN, Reg. or Tag number.
- Open a new job.
- Go back one screen, open navigation history, or return to the home page.
- Display illustration in full screen, zoom in, zoom out, fit image to window, view or add a note, email the illustration, or swap illustration and parts list positions.
- Highlight an illustration callout to display only its part in the part text.
- * Sends the shopping list to your DMS.

Parts List Section:

- Print the illustration, parts list, or shopping list.
- Open EPC News and Bulletin Board.
- Type here to filter part results.
- Click to view the shopping list in full screen mode.

Shopping List Section:

- Manage shopping lists.
- Save the shopping list.
- Manually add a part to the shopping list.
- Create an estimate.
- Email the shopping list.
- Copy all part numbers.
- Clear all parts from the shopping list.
- Click and drag to resize the panes.
- Click an icon in this column to view part details.
- * Click a part number to see where else the part is used.
- Click a group number to see part usage information.
- Set the pricing level displayed in the shopping list.
- Click to remove the part from the shopping list.
- Click to minimize the shopping list.

Shopping List Table:

Item #	Qty	Description	Usage	Year	Qty	Pkg Qty	List	Trade	Dealer
13360890	01.277	SHROUD, ENG COOL FAN (FOR VEH W/EXTERNAL TRANS OIL COOLER) (FO	PL69 LUV,C67,C68,MM1) (EXC Y8X) (1ST DES)	2014 - 2014	1	0001	280.23	210.17	168.14
