SNAP-ON EPC 5
FOR GENESIS

Evolution through simplification: introducing Snap-on EPC 5 for Genesis. Built to help you get the parts information you need, when you need it, this is our easiest, most efficient EPC to date.

APPLICATION FEATURES:

Web and/or Locally Installed EPC Options

- The same reliable, modern interface on both products.
- Web EPC available from any PC via browser (support for Chrome, Firefox and Edge).
- Web EPC always up to date (no DVD updates).
- Local EPC ideal as a back-up or primary system.
- Local EPC automated Internet data updates available.

VIN Filtering

- VIN filtering at the illustration and part level to improve search accuracy.

Advanced Parts Data Content

- Includes all Genesis years and models. Note that, in the U.S., models from 2019 beyond are included **only** in the Genesis EPC.
- Local accessories.*
- Local parts. *
- Local MSDS/Parts and Technical Service bulletins.*
- Local price and supersession data.*

OneSearch Functionality

- A single search interface for part name, part number, PNC, partial part number, and synonym searches.
Additional EPC Productivity Benefits

- Parts price data always up to date.*
- Supersession data always up to date.*
- User notes and OEM notes.
- Type to Narrow search.
- Integration to Dealer Management Systems. §†
- Work on multiple jobs simultaneously.
- Use Quicklists to create reusable parts lists for common repairs.
- Easy-to-use illustrations.
- Quickly email illustrations and part lists.
- Create customer estimates.
- Copy part number with right mouse click.
- Manual filters.
- Parts lists.
- Part Validation Search quickly finds and validates multiple items.
- Reverse look-up.
- Seamless feedback process.
