

Application: Snap-on GM Global EPC

DMS: R&R ERA Ignite

Configuring Snap-on EPC 5 for Integration

- 1. The **Integration Assistant** is seamlessly integrated into GM Global EPC, streamlining the setup of the integration you need.
 - A. Click on **Settings** and select the **Integration Settings Menu**
 - B. Click on New
 - C. Select "File Writer" from the Type drop-down menu.

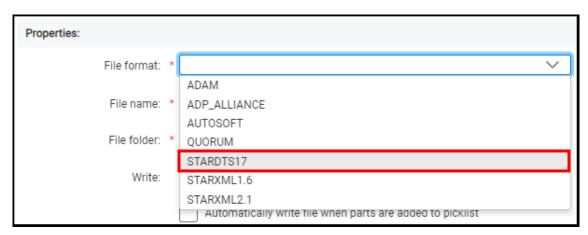

- 2. Configure Integration within GM Global EPC.
 - A. In the **Name** field, enter a descriptive name for the integration, preferably one that identifies the system you're integrating with. For instance, we'll use "IGNITE."

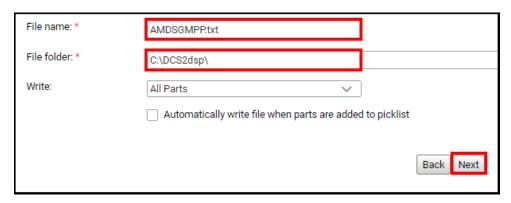

B. In the **File format** field, select **STARDTS17** to set the file format.

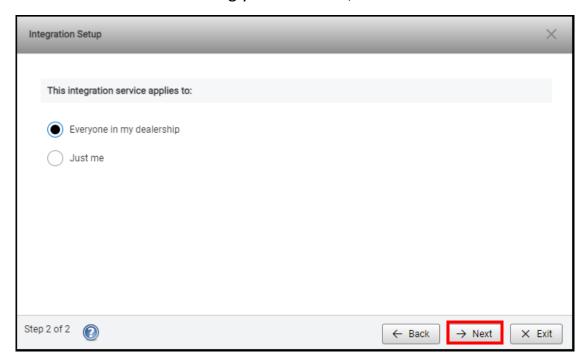

C. The **File name** and **File folder** fields are pre-filled with a default name and location. Click the **Next** button.

- 3. Finish Integration Setup.
 - A. On the next screen you have two options:
 - Select "Everyone in my dealership" if you want all users on a server system or web application to see the same Integration Session. (NOTE: With this option, If IPS is already installed you don't need to set up Integration on other PCs—they will already be listed.)
 - Select "Just Me" if you're using a standalone system or want the Integration Setup to apply only to your PC or username.

• After making your selection, click **Next** then **Finish**.

B. You should now see the newly created integration listed in your **Configured Integrations** screen. Click the "X" in the upper right corner to exit.

Workflow

- 1. Adding and Sending Parts using Snap-on GM Global EPC.
 - A. Find the required part number in EPC.
 - B. Left click the **plus symbol** to the left of the part number you wish to select.
 - This will place a check in that box.
 - The selected part will appear in the **Shopping List** at the bottom of GM Global EPC. (**NOTE**: You may need to hit the maximize button then minimize button to view the Picklist)

- 2. Removing Parts from GM Global EPC Shopping List.
 - A. Click the **minus symbol** next to an individual part number to remove one item at a time from the Shopping List.
 - B. Click the **Clear Shopping List button** to delete the entire Shopping List.
- 3. Transferring Part Numbers into ERA Ignite from Snap-on GM Global EPC.
 - A. Open **ERA Ignite** and log into the DMS system.
 - B. Above the Shopping List, the **Send** drop-down should show **IGNITE**.

- C. Click the **Send Parts to Selected Service** button in the Shopping List to send parts to ERA Ignite.
 - Behind the scenes, all parts listed in the Shopping List will also be automatically written to the file you designated on your PC in section 2-C above.
- D. Transfer Part Number(s) to ERA Ignite.
 - Make sure you're at the Part Number prompt in ERA Ignite (see illustration below).
 - To add a Part Number to ERA Ignite, go to Functions→Import
 Catalog Parts or use Ctrl-G to initiate the part(s) transfer into
 the DMS.
